NATIONAL WORKSHOP

ON

DATA EXTRACTION TECHNIQUES FOR SOCIAL SCIENCE RESEARCHERS

28th & 29th
OCTOBER, 2016

ORGANISED BY
Researcher's Forum,
Department of Economics,
Dr. John Mathai Centre, Thrissur

Dear Colleagues

This is to inform you that the Researchers' Forum, Department of Economics, Dr. John Matthai Centre is organising a two days national workshop on data extraction techniques for Social Science researchers. All are invited.

ORGANISING COMMITTEE

Dr. Shyjan D (Staff Advisor)

Ms Vishnu Laxman (President)

Mr Renjish Kumar V K (Vice President)

Ms Deepa V D (Joint Secretary)

Ms Nimmy S Kottoor (Treasurer)

About Researchers' Forum

Researchers' forum is a committee formed by the Research Scholars of Department of Economics, Dr John Matthai Centre. The Forum was formed in 2014 with the ultimate objective of improving the quality of Research. The forum is actively involved in organising workshops for the researchers and seminars for both research scholars and PG students on recent relevant topics.

About the Programme

A major problem faced by many researchers is difficulty in primary data collection and sampling. The NSSO & NFHS are providing data which is very useful as far as a social science researcher is concerned. The availability of these published data might even avoid a primary survey but still many of the researchers have to depend on primary survey because of the technical constraint in data extraction. Hence this workshop aims to provide two days lecture on Data extraction technique. All the participants are requested to bring their laptops to make the session more practical.
